

FLORIN DHARMA SCHOOL PLANS FOR 2008-9

The Buddhist Church of Florin (BCF) is in the midst of a major reorganization and revitalization of our Dharma School program. We have enlisted 16 excellent Dharma School teachers for the coming 2008-9 year and will offer 6 grade levels of instruction on a regular weekly basis. We are creating a standardized curriculum, which covers the central teachings of general Buddhism and Shin Buddhism, practice, meditation, etiquette, Buddhist history, development of good character, ethical values, family relationships, value of lifelong education, self-esteem issues, cultural arts, comparative religions, and other important topics for young people. Now all we need are more children in order to make our Dharma School into an outstanding one. Please sign up your children and grandchildren and their friends (registration form is available at our website www.florinbuddhist.org and in our Oneness newsletter). They are the future of our wonderful church and sangha.
